

MANUAL TEST CASES

Automated Banking Website

Module 1: User Login

Field	Description
Test Case ID	TC_Bank_Login_01
Title	Verify successful login with Multi-Factor Authentication (MFA)
Preconditions	User is active. Mobile number is linked.
Test Steps	1. Enter User ID & Password. 2. Click 'Login'. 3. Enter valid OTP received on mobile. 4. Click 'Verify'.
Test Data	User: test_user , OTP: 123456
Expected Result	User is redirected to Account Dashboard. "Last Login" time is displayed correctly.
Actual Result	User successfully logged in after OTP verification. Dashboard loaded with correct Last Login timestamp.
Status	PASS

Field	Description
Test Case ID	TC_Bank_Login_02
Title	Verify account lockout after 3 invalid attempts
Preconditions	User account is unlocked.
Test Steps	1. Enter valid User ID. 2. Enter Invalid Password 3 times consecutively.
Test Data	Pass: Wrong@123
Expected Result	Account should be temporarily locked. Error message <i>"Account locked due to multiple failed attempts"</i> should display.
Actual Result	After 3rd attempt, account was locked. Login was blocked even with correct password.
Status	PASS

Module 2: Account Balance Enquiry

Field	Description
Test Case ID	TC_Bal_03
Title	Verify balance display matches database
Preconditions	User is logged in. Current DB Balance: ₹50,000.
Test Steps	1. Navigate to 'Accounts' tab. 2. Click 'Check Balance' on Savings Account. 3. Compare with backend DB.
Test Data	Acc Type: Savings
Expected Result	Displayed balance must be exactly ₹50,000.00.
Actual Result	UI displayed ₹50,000.00. Value matched the core banking database record.
Status	PASS

Module 3: Fund Transfer

Field	Description
Test Case ID	TC_Transfer_04
Title	Verify successful fund transfer to same-bank beneficiary
Preconditions	Sender Balance: ₹10,000. Beneficiary Added.
Test Steps	1. Go to 'Fund Transfer'. 2. Select Beneficiary. 3. Enter Amount: ₹1,000. 4. Click 'Confirm'.
Test Data	Amount: 1000
Expected Result	Success message displayed. Sender Balance becomes ₹9,000.
Actual Result	Transfer successful. Balance updated immediately to ₹9,000.
Status	PASS

Field	Description
Test Case ID	TC_Transfer_05
Title	Verify transaction failure due to insufficient funds
Preconditions	Balance: ₹500.
Test Steps	1. Initiate Transfer. 2. Enter Amount: ₹1,000. 3. Click 'Confirm'.
Test Data	Amount: 1000
Expected Result	Transaction blocked. Error " <i>Insufficient Funds</i> " displayed. Balance remains ₹500.
Actual Result	System blocked the transaction. Error message displayed correctly. Balance remained unchanged.
Status	PASS

Module 4: Deposit and Withdrawal

Field	Description
Test Case ID	TC_Deposit_06
Title	Verify Fixed Deposit (FD) creation (Deposit Simulation)
Preconditions	User has sufficient balance.
Test Steps	1. Go to 'Deposits' -> 'Open FD'. 2. Amount: ₹5,000. 3. Tenure: 1 Year. 4. Click 'Create'.
Test Data	Amt: 5000
Expected Result	New FD account number generated. Main account balance decreases by ₹5,000.
Actual Result	FD Account created successfully. ₹5,000 debited from Savings Account.
Status	PASS

Field	Description
Test Case ID	TC_Withdraw_07
Title	Verify Bill Payment (Withdrawal Simulation)
Preconditions	User is logged in.
Test Steps	1. Go to 'Bill Pay'. 2. Select 'Electricity'. 3. Pay ₹200. 4. Verify Ledger.
Test Data	Amt: 200
Expected Result	Amount is debited. Transaction recorded as "Withdrawal/Debit" in statement.
Actual Result	Payment successful. Statement reflected a debit of ₹200.
Status	PASS

Module 5: Logout and Session Management

Field	Description
Test Case ID	TC_Session_08
Title	Verify automatic session timeout due to inactivity
Preconditions	User is logged in. Timeout setting is 5 minutes.
Test Steps	1. Stay idle on the dashboard for 6 minutes. 2. Try to click any button (e.g., 'Profile').
Test Data	Idle Time: 6 mins
Expected Result	User should be logged out automatically. Message "Session Expired" displayed.
Actual Result	System auto-logged out the user after 5 mins of inactivity. Redirected to Login page.
Status	PASS

Field	Description
Test Case ID	TC_Logout_09
Title	Verify browser back button functionality after logout
Preconditions	User just logged out.
Test Steps	1. Click 'Logout'. 2. Press Browser 'Back' button to return to Dashboard.
Test Data	NA
Expected Result	System must not show the Dashboard. Should redirect to Login page.
Actual Result	Browser back button redirected to Login Page. Cached pages were not accessible.
Status	PASS
